Fifth EPSO Conference “Plants for Life”

29 August – 1 September in Olos, Lapland (Finland)

EPSO, the European Plant Science Organisation, organises its fifth Plant Science Conference in Europe. The theme for this year's plant science conference is "Plants for Life".

You can find the programme as well as the CVs of the speakers on the EPSO website www.epsoweb.org including excellent additions to the original April programme.

Register now to submit an abstract for selection of oral presentations. The deadline for registration is 06 June 2010.

ESA is the voice of the European seed industry, representing those active in research, breeding, production and marketing of seeds of agricultural and ornamental plant species. It represents 32 national seed associations (and with that more than 1000 seed businesses in the EU, most of them SMEs) and 41 direct company members.

ESA's mission is to work for fair and proportionate regulation of the European seed industry, freedom of choice for customers in supplying seeds as a result of innovative, diverse technologies and production methods and for effective protection of intellectual property rights relating to plants and seed.
